

Lawyers Against Poverty JUSTICE PLEDGE

Who are we?

Lawyers Against Poverty (LAP) is a newly independent charity with a mission to inspire and mobilise a growing movement of lawyers and members of the wider legal community to use the skills and resources within it to contribute to the alleviation of poverty around the world.

LAP was established in 2015 by a small group of lawyers committed to using their skills as lawyers to tackle inequality and was hosted by Oxfam until its launch as an independent charity in 2020.

Our members donate money and time to projects that promote greater equality worldwide. We help them to make a difference within their communities, the legal profession and worldwide.

LAP's Justice Pledge

LAP's Justice Pledge is a call to action in these challenging times to make a stand against inequality and support a growing movement of lawyers and members of the wider legal community to make a difference in the fight for global justice.

Pledge supporters join a giving circle of law firms and individual donors who help LAP to achieve its mission by making an annual donation for three years, enabling its growth and development as a new organisation.
